

Graduate and Professional Student Government

2017-2018 Long-Range Plan

Mission Statement of the Executive Board

To empower Pitt's graduate and professional students to maximize their opportunities and impact by fostering a sense of community both within the University of Pittsburgh and the local community.

GOALS

Developing career-conscious graduate and professional students who are equipped to make immediate and consistent impact in industry, academia, and society.

- Launching reoccurring leadership workshops for the personal and professional development of GPSGs members
- Building a bridge for current students to interact and learn from distinguished alumni
- Provide opportunities for students to refine professional portfolio by providing headshots for all graduate & professional students

Raising awareness and support for the equality and empowerment of ethnic, gender, and international minority students

- Encouraging campus wide unity through social interaction and engaging conversations
- Offering programming for the empowerment and sustenance of underrepresented demographics
- Fostering love and togetherness even through our differences

Promoting GPSGs campus connectivity by providing service to all members and relevant programming for the specific needs of various demographics

- Effectively marketing and disseminating information of services that support their academic endeavors such as travel grants and legal assistance
- Supplying programming that is both convenient and provoking to encourage engagement and attendance
