Dear Pitt Graduate and Professional students:

It has come to our attention that students may have received misinformation regarding GPSG's position on the formation of a graduate student union at the University of Pittsburgh.

At this time, GPSG has not made any official statement regarding the unionization. GPSG is an organization serving all graduate and professional students at the University of Pittsburgh, and we will continue to be an organization of service to our students. The GPSG is comprised of representatives from all 14 graduate and professional schools at Pitt, constituting our Assembly Board. The topic of unionization has not been addressed and discussed with our Assembly Board. Therefore, without the voice of all our schools, we are not in a place to take a stance on the issue.

If GPSG takes an official position on the formation of a graduate student union, we will notify all graduate and professional students at that time.

Sincerely,

A handwritten signature in cursive script that reads "Justin Saver".
