Dear Pitt Graduate and Professional students:

I hope that your semester is going well and that you are staying warm as the seasons change. The University of Pittsburgh has a diverse and talented community of nearly ten thousand graduate and professional students that all contribute to Pitt's prestige. [The Graduate and Professional Student Government](#) (GPSG) aspires to empower graduate and professional students to maximize their opportunities and impact by fostering a sense of community within both the University and the local community. With that, we are excited to announce various developments that GPSG is working on to enhance the graduate & professional student experience

We are partnering with the [University Council of Graduate Studies](#), [Office of Academic and Career Development](#), [Center for Doctoral and Postdoctoral Career Development](#), [Career Development and Professional Assistance](#) and Pitt Career Services Consortium to spread career development resources and opportunities to graduate and professional students who have limited resources within their respective schools. We will be sharing information on relevant programs and workshops that assist graduate & professional students in acquiring the skills needed to be successful in industry and academia.

Please be sure to visit us at William Pitt Union 825 and participate in the events below:
